

Abhya Joshi

Aspiring Data Analyst | B.Tech CSE (Data Science)

joshiabhya8@gmail.com | +91 8178989662 | Ghaziabad, Uttar Pradesh, India | [linkedin.com/in/abhya-joshi](https://www.linkedin.com/in/abhya-joshi)

Summary

B.Tech Computer Science & Engineering graduate specializing in Data Science with hands-on experience in SQL, Microsoft Excel, and data analysis through academic and personal projects. Skilled in analyzing datasets, identifying trends, and deriving actionable insights to support data-driven decision-making. Strong analytical and problem-solving abilities with an interest in data analytics, business analysis, and operational planning.

Skills

SQL (PostgreSQL), MS Excel, Power BI, Data Analysis, Analytical Thinking, Problem Solving, Attention to Detail, Communication, Java, HTML, CSS

Education

B.Tech. in Computer Science & Engineering, Data Science CGPA - 7.45 DIT University, Dehradun	2022 - 2026
12th in CBSE Percent - 83.20 D.A.V Public School Rajender Nagar Sahibabad, Ghaziabad	2022
10th in CBSE Percent - 82.33 D.A.V Public School Rajender Nagar Sahibabad, Ghaziabad	2020

Certifications and Training

Introduction to Data Science in Python – Issued by **University of Michigan** via Coursera, **2025**.

Introduction to Relational Databases (RDBMS) – Issued by **IBM** via Coursera, **2024**.

Introduction to Java – Issued by **LearnQuest** via Coursera, **2023**.

Extracurricular Activities

Co-Head, Photography Team, Career Development Cell: Led the team in covering placement drives, workshops, and campus events, demonstrating **leadership, teamwork, and coordination**.

Competitive Swimmer: Represented school at **CBSE & DAV Nationals**, demonstrating **discipline**.

Trained Bharatanatyam Dancer: Developed **creativity, dedication, and stage confidence**.

Project Experience

SQL Analysis of the Data Analyst Job Market in India

Tech Stack: SQL, PostgreSQL | **Repo:** https://github.com/abhya-joshi/SQLProject_DataJobAnalysis.git

- Analyzed job posting data using PostgreSQL to identify **salary trends, in-demand skills, and factors influencing data analyst opportunities** in the Indian market.
- Used **CTEs, joins, conditional aggregation, and aggregations** to analyze and compare job-market trends across locations and roles.
- Derived **data-driven insights and recommendations** on skills based on demand and salary trends.

My Portfolio

Tech Stack: HTML, CSS, JavaScript | **Live Demo:** <https://abhyajoshi.vercel.app>

Developed a responsive personal portfolio website using HTML, CSS, and JavaScript. Focused on user experience, accessibility, and clean design principles while showcasing projects and technical skills.

Threads of Hope : Crochet e-commerce website

Tech Stack: HTML, CSS, JavaScript | **Live Demo:** <https://shopthreadsofhope.netlify.app>

An e-commerce website developed to support my mom's small crochet business. The project was built from scratch using HTML, CSS, and JavaScript. Currently exploring database integration and inventory management functionality using SQL.

YŪGEN - The Slow Social App

Tech Stack: HTML, CSS, JavaScript | **Live Demo:** <https://yugenapp.vercel.app>

YŪGEN is a slow, empathy-centered social web app that replaces likes and metrics with emotional expression. Users share short, reflective posts paired with feelings, respond through empathy reactions, and engage in intentional, ephemeral conversations. The project demonstrates how mindful design can reduce digital anxiety and encourage authentic connection.
